Marymount

LOS ANGELES

The best way to learn about Marymount is to visit us!

We know that the high school search and selection process involves a lot of time and consideration. You want to be sure to find the right match for your daughter - a place where she will be challenged, supported, and inspired. Come to Marymount's campus and learn more about the people and programs who are going to create a meaningful, rigorous, robust, and rewarding experience. There are lots of opportunities to visit us, and we can't wait to see you!

We have visit programs for students and families in the 5th through 10th grade, so whether you are applying this year or in three years, there are opportunities for you to come to our beautiful campus and get to know us better.

Questions? Email Dr. Laura Arenstein, Director of Enrollment & Community Outreach at larenstein@mhs-la.org.
